Dear Family

Re: Year 11 Mock Results Celebration and English & Maths Mastery Session

I know that this period of time for both you and your child is a stressful one with the onset of GCSE/BTEC examinations just around the corner. However we wanted to take this opportunity to celebrate and highlight the excellent work and progress your child has undertaken in their lessons over the last term. Therefore we would like to invite you and your child to a celebration event combined with an information session on **Thursday 10 March 2022, between 6pm and 8pm in the Main Hall.**

The evening will be split into two parts, firstly an awards event to celebrate the results your child has gained in their most recent mocks and review the steps both staff and students are taking over the coming weeks to ensure all students make the maximum amount of progress towards their examination.

The second part of the evening will be led by staff from our dedicated English and Maths teams, they will deliver a session each on a chosen topic which will not only support and develop the child's understanding of the subjects but will give parents a real insight into the methodology and rigour used by our staff to support the learning needs of their students. I believe this knowledge will only enhance your ability to support your child when they are learning at home.

On the evening we will also be providing students with a personal exam timetable for the summer and members of The Manor College will be on hand to answer questions from students or parents as to their next steps after the examination programme.

To be part of the celebration event please use the link to book a place for you and your child.
